

Save Time, Money...  
...and Your Back

### Benefits

- Bending over is not necessary.
- Operator walks forward with ease.
- No strain on the operator's back.
- No unnatural positions required.
- Creates a safer working environment.
- Ergonomically designed.
- Handles 11" - 20" rolls of 2" & 3" core film.
- Can use cast, blown, pre-stretched, stretch-netting, and vented films.
- Brake system ensures tighter wrap & less wasted film.
